Objective:

To obtain a Graphic / Web Designer position where my education and skills will be utilized and benefit the company or client to improve their product or services.

Skills:

Proficient with Windows XP, Vista, Mac OS X Tiger, and OS X Leopard operating systems. Familiar with organization and file systems for each operating system respectively. Ability to create page layout and composition while using creativity for aesthetics. Capable of preparing files for print and web in vector or rasterized format. Fluent in HTML and CSS code.

Software and Application Skills:

Adobe Photoshop CS3, Adobe Illustrator CS3, Adobe InDesign CS3, Quark Xpress 7.1, XHTML, CSS, and Microsoft Office Suite 2008.

Experience:

Company: Armory Survival Gear

Date: 2006 - Present

Title: Graphic / Web Designer

Duties:

- Promote sales by designing ad banners and fliers for web and print for the company and more specifically for the JabbaWockeez (America's Best Dance Crew winner season 1).
- Maintain and update companies website and e-store by adding new products and content and removing older material from the distribution site (<http://www.armorydistribution>) and e-store (<http://www.armoryhiphop.com>).
- Process e-store orders and package products ready for shipping.
- Receive incoming product and update inventory in warehouse and e-store.

Company: Mountain's Secret

Date: 2003 - 2006

Title: Graphic Designer / Lay Out Specialist

Duties:

- Designed print layout templates for calendars, sports schedules, pens, magnetic business cards, cups, key chains, hats, and t-shirts used for advertisement and promoting a client's company name.
- Prepared files for print used on a digital printer and silk screen jigs.
- Proofed typesetters files and prepared files for print.
- Provided computer maintenance for company by setting up networks, replaced hardware and overall performance of workflow computers.
